

BY JIM LEVESQUE

The following is a list of current projects being produced in Canada. Only TV series and films over one hour are included. Projects are separated into four categories: On Location, Pre-production, Projects in Negotiation, and In the Can. While films in the project stage are subject to change, only those in active pre-production at the time of publication - those which have set a date for beginning principal photography and are also engaged in casting and crewing - are listed under Pre-production. The In Negotiation section is published every other month due to lack of turnover in projects. Films are listed by the name of the company which initiated the project, or by the company that is popularly associated with it. The production company is not necessarily the same company which initiated or is associated with the project.

When two companies are different, the name of the production company, if known, is given. If producers ask us not to list a project or to withhold certain credits because of ongoing negotiations, we respect their request. Projects are up-to-date as of the 15th of the month preceding publication. Please telephone additions and up-dates to: Cinema Canada (416) 596-6829 or (514) 272-5354; FAX (514) 270-5068

Theater 2, our new Scoring Stage accommodates a 50 piece orchestra.

## BEING THE BEST REQUIRES A FLAWLESS MASTER PLAN

A master plan is more than a good idea. It's several great ideas well executed. And, some of our best creative ideas have earned us Golden Reel and Gemini awards.

But the proof of a flawless master plan is

as much in the ongoing effort as in the results.

We are pleased to join the Selkirk Communications Ltd. family, working hand-in-hand with Magnetic North and Magnetic Fax. Together, we represent a triumph in technology and talent.

To remain one giant step ahead in one of the fastest advancing industries, we have recently launched a

major expansion of our state-of-the-art facilities. Our new TV Mixing Theater 3 and Scoring Stage Theater 2 are now part of a 12 studio complex designed to support the efforts of our award winning staff. The theaters are expertly designed

to accommodate all mixing formats. A Master's specialty – complete Digital sound for IMAX/OMNIMAX and SHOWSCAN.

Theater 1 – Digital Feature Mixing

Additionally, Master's was the original development site for Soundmaster's Integrated Audio Editing System. An integral part of our master plan, research and development continues to put better and more efficient proprietary tools into the creator's hands.

Ah, progress. What a truly masterful idea.

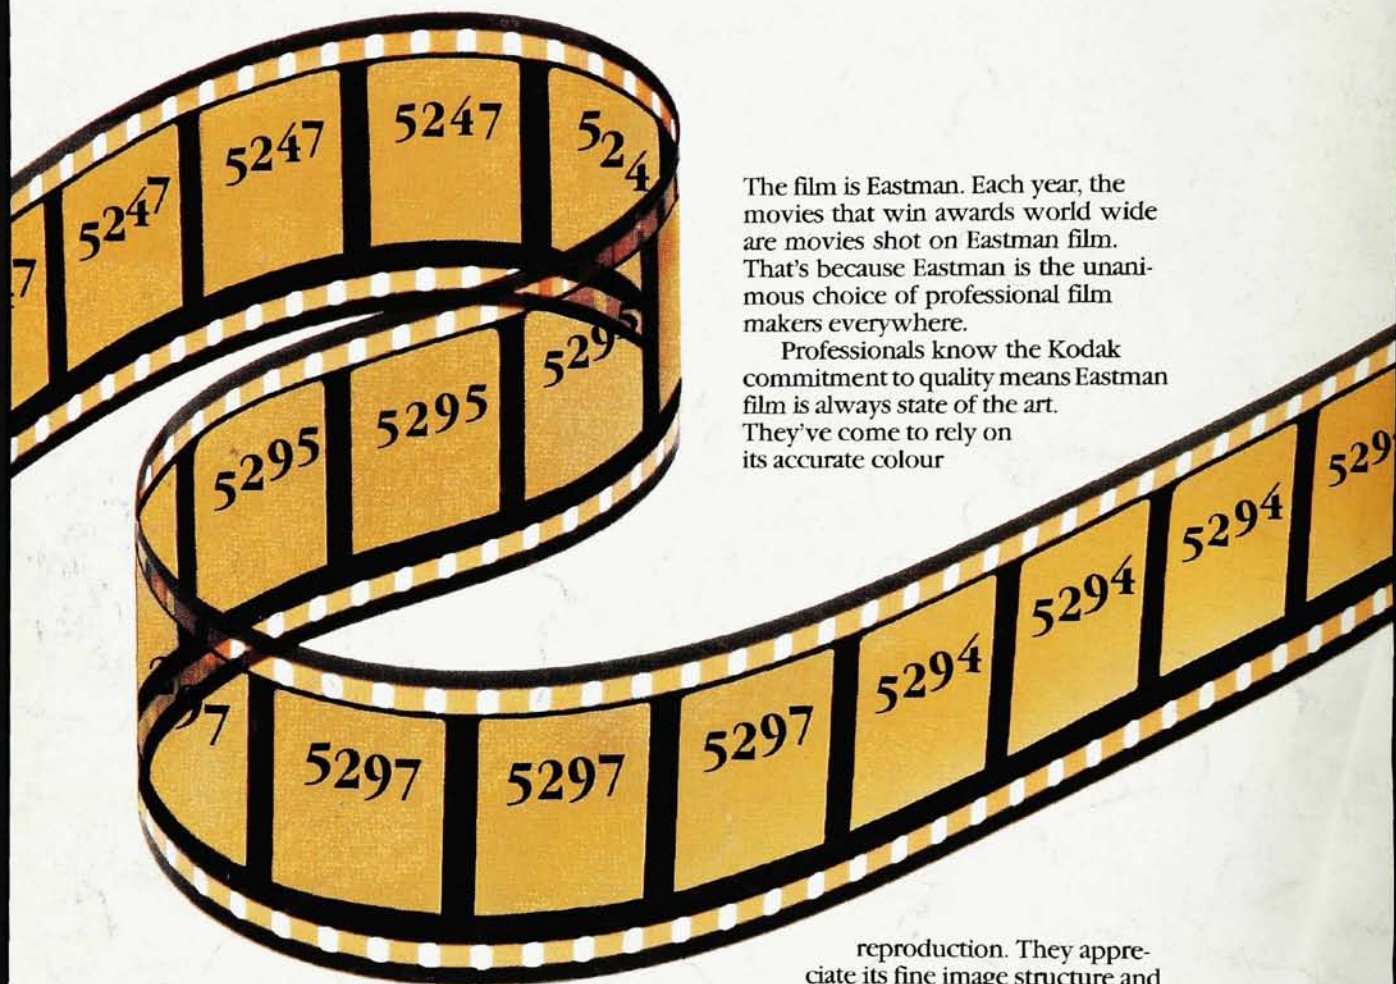

Theater 3 – TV and Music Mix

One film continues to win awards for excellence, year after year.

The film is Eastman. Each year, the movies that win awards world wide are movies shot on Eastman film. That's because Eastman is the unanimous choice of professional film makers everywhere.

Professionals know the Kodak commitment to quality means Eastman film is always state of the art. They've come to rely on its accurate colour

reproduction. They appreciate its fine image structure and wide exposure latitude, plus the fact that Eastman offers a complete range of films for special shooting situations.

For the whole story, talk to your Kodak representative. He'll tell you why Eastman film is always the number one choice.

**Eastman** Motion Imaging Products

The unanimous choice of professionals.
